*A Ministry That Feeds the Body & Soul*

# OUR VISION

- *To grow, prepare, and share a healthy, nutritious meal in order to feed the body and spirit of all in an atmosphere of dignity and love.*
- *To nurture the spirit of love through fellowship and companionship so that God's abounding grace may increase among all people.*
- *To live the spirit of our faith by connecting others to resources and supports as needs are identified.*

# WHAT WE DO

Nourish Babylon is all-volunteer led community meal that has been serving 70 meals/week for an average of 3,600 meals per year. It has grown into much more than a meal. As we live into our mission we:

- *Maintain an organic community garden that supplies fresh herbs and produce to our kitchen*
- *Support and nurture the commitment of a diverse group of over 60 volunteers who assist and coordinate all administrative, financial, operational, and creative aspects of this program*
- *Offer an Evening Prayer service before each meal at the request of our guests*
- *Maintain a supply of necessary clothing, outerwear and toiletries to distribute as needed*
- *Connect guests to access mobile shower facilities*
- *Cultivate relationships with numerous civic, business, non-profit, and philanthropic entities to partner with us in this community effort*

“If we can show up, listen deeply, be present, affirm, encourage, and support others, we can offer the highest form of hospitality.”
