For Mother's Day

On this Mother's Day, we give thanks to God for the divine gift of motherhood in all its diverse forms. Let us pray for all the mothers among us today; for our own mothers, those living and those who have died; for the mothers who loved us and for those who fell short of loving us fully; for all who hope to be mothers someday and for those whose hope to have children has been frustrated; for all mothers who have lost children; for all women and men who have mothered others in any way—those who have been our substitute mothers and we who have done so for those in need; and for the earth that bore us and provides us with our sustenance. We pray this all in the name of God, our great and loving Mother. *Amen.*
